Lakes Area Outdoor Initiative is a 501c3 nonprofit based in Perham, MN, whose mission is to assist land donors and partner organizations to conserve our local resources. LAOI owns and maintains real estate for conservation purposes to encourage the participation in outdoor education, recreation, and conservation among the youth, veterans, and greater public community in and around the lakes area of Minnesota. They partner closely with local outdoor clubs to facilitate land donations from individuals and estates, manage conservation efforts, and foster outdoor opportunities. Land is owned locally and able to be managed according to the donor's wishes. For more information, visit their website [www.laoimn.org](http://www.laoimn.org).
